

Innovative Stone

Whether you are working on a sustainable design for an Eco-Friendly client or the project requires porcelain tile or stone that can help contribute to LEED points under USGBC LEEDs rating system, Innovative Stone is here to help you. There are so many creative hard-surface products that can help fulfill your clients "green" needs. We extend our resources to you by offering solutions for any project you may be working on. t. 800.62.STONE or visit www.innovativestone.com
