

Dani Designs Launches New Line of Sanding Pad for Radii

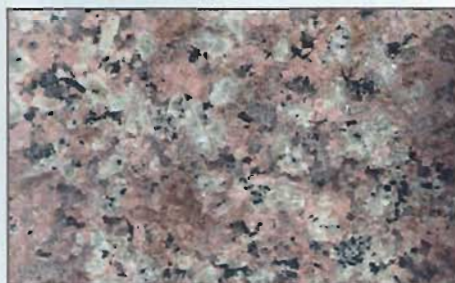

Dani Designs is now offering a new high quality round foam hand pad with hook for 5- and 6- in. hook & loop sandpaper. The pad is suitable for radius areas that require touchup by hand. It reportedly provides excellent material contact and greatly improves the speed and performance of the sanding procedure, saving time and money. *Circle Reader Service # 22 on the Reader Service Page (pg. 35) or go to www.ISFAnow.org/info*

Crystalline Upgrades Software

Crystalline has released version 3.6 of QuickQuote, its countertop estimating and drawing software. QuickQuote offers fabricators and kitchen designers a simple, intuitive interface with automatically generated drawings, flexible pricing methods and professional looking printouts, reports the company. The release contains new features to help users cut costs and increase the quality and speed of their services. These features include quote and drawing information transfer to the Moraware Job Tracker system for scheduling; a multi-quote option that provides users the ability to instantly generate a quote in all price levels/ color groups for a given product and print it out for their customers; and a slab-use estimation that generates a breakdown of each part's square footage and utilizes a user-defined slab size to calculate the minimum amount of slabs required for that job. And, the company now offers a two-payment purchasing plan for both multi- and single-user versions of the software. *Circle Reader Service # 23 on the Reader Service Page (pg. 35) or go to www.ISFAnow.org/info*

Everlife Adds New Color

Appealing to various preferences in today's countertop design options, Everlife by Innovative Stone introduced a new color – Peach Red to its natural stone countertop collection. The new color is a part of Everlife's Vitality collection, comprised of a global collection of designer-selected granite, marble, quartzite and soapstone colors. All Everlife countertops are reportedly stain resistant and protected by the company's PermaShield technology. The countertops do not require sealing, according to the company. The new offering comes from China and comes with a 15-year stain-resistant warranty. *Circle Reader Service # 25 on the Reader Service Page (pg. 35) or go to www.ISFAnow.org/info*

Swan Introduces New "Green" Colors

Four new colors contribute to LEED® credits for recycled content and rapidly renewable materials. Swanstone kitchen and bath products will soon be available in new "green" colors – offered in a variety of shades. The colors have earned the "green" label because they contain up to 39 percent recycled content and 4 to 6 percent rapidly renewable materials.

Dubbed the "Our Planet Collection," the colors include Glacier, Prairie, Acorn and Canyon. The products contribute to multiple credits in the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Green Building Rating System. Although products themselves are not LEED certified, they contribute to LEED credits such as building and materials reuse, regional materials and indoor air quality when specified on a project. Swan's new colors contribute toward the following credits in the materials and resources category: 4.1, Recycled Content, 10 percent; 4.2, Recycled Content, 20 percent – the new colors use up to 39 percent post-consumer recycled content and 6, Rapidly Renewable Materials. *Circle Reader Service # 26 on the Reader Service Page (pg. 35) or go to www.ISFAnow.org/info*
