## HARD ROCK

Despite its natural beauty, granite is a porous material that can stain if not sealed regularly. But now, Innovative Stone offers Stonemark, a granite that doesn't require sealing and is guaranteed for 15 years against staining.

The company uses a special process that allows protective elements to penetrate deep into the stone.

Available in 55 colors. From \$49 per square foot, installed. 631-273-4445; [www.innovativestone.com](http://www.innovativestone.com).
